48 *Moon Over Qumran* OUTLANDS 9.1
3 October 2012 | pdf proof of the first section, 'Creation, distributed to a few friends on discovering my thesis – initially disclosed in two books issued in 2004 – comprises the basis of *The Sign: The Shroud of Turin & the Secret of the Resurrection* by Thomas de Wesselow (April 2012: Dutton). After receiving a copy (23 October 2012), I wrote Penguin editor Joel Rickett (5 November), informing him that his author appeared to have appropriated my thesis without acknowledging my work (to no response). So I wrote his boss at Penguin, Thomas Weldon, who promptly had Joel & the author

respond. Thomas de Wesselow denied having seen my work, despite the fact that I'd sent two review copies to Cambridge University professors on publication, while he was a student there. Initial recipients of my pdf were Mark Goldstein, Sam Kaufman & Nelson Ball (3 October 2012); followed by a second revised pdf to Ken Drumbolis, Mark Goldstein, Sam Kaufman, David Owen, Jason Rovito, Steve Venright & Andrew Whiteman (23–9 October); & a third revised pdf to Sam Kaufman (29 December). These were sent as evidence that my current expansion of the subject – begun 25 November 2011 – was near completion prior to the publication of *The Sign*.
